Site of the Month: Great Lakes Nursery Co.

www.greatlakesnurseryco.com

Great Lakes Nursery Company offers their products, a variety of plants, flowers and wholesale products, directly to the customer via the Internet, providing savings to the customer. Great Lakes Nursery Company grows and supplies perennials, flower bulbs, shrubs, as well as small fruits and vegetables.

Located in Southwestern Michigan, only three miles from Lake Michigan, Great Lakes Nursery Company enjoys rich sandy loam soil, and because of the lake influence, warmer winters and cooler summers. This soil and climate provide a great environment for growing plants and bulbs. Exclusively online, Great Lakes Nursery Company does not incur printing expenses for a retail catalog, and this helps them to offer top quality plants at reasonable prices. The web site is loaded with photos, descriptions, and information. It is maintained on a daily basis - all for their customer's satisfaction. greatlakesnurserycompany.com proudly services the entire contiguous United States

Tech Tip : Personalize Your Screensaver

Are you no longer fascinated by the Starfield or Standard Windows screensaver and want something a little more personalized? Do you have any digital photos on your computer? You can easily make your own screen saver using the pictures that you have stored on your PC. You can set up your screen saver in Microsoft Windows XP to display a slide show of some or all of your pictures when you're not using your computer.

1. Click on the **Start Button > Settings > Control Panel**, and then open **Display Properties**.
2. In the **Display Properties** dialog box, click the **Screen Saver** tab. Next, click the **Screen saver** list, and select **My Pictures Slideshow**.
3. Click **OK** to complete.

The next time your screen saver starts, you'll see a slide show of all the pictures in your My Pictures folder. If you want to test your new screensaver right away, just click on the **Preview** button.
